INDEPENDENT AUDITOR'S REPORT

To the Stockholder and Board of Directors Marquis Financial Services of Indiana, Inc. d/b/a Marquis Financial Services, Inc. Hicksville, New York

We have audited the accompanying statement of financial condition of Marquis Financial Services of Indiana, Inc. (d/b/a Marquis Financial Services, Inc.) as of March 31, 2004, and the related statements of operations, changes in stockholder's equity, and cash flows for the year then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the financial position of Marquis Financial Services of Indiana, Inc. as of March 31, 2004, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was made for the purpose of forming an opinion on the basic financial statement taken as a whole. The information contained in the supplemental schedule listed in the accompanying index is presented for the purposes of additional analysis and is not a required part of the basic financial statements, but is supplemental information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statement taken as a whole.

MARQUIS FINANCIAL SERVICES OF INDIANA, INC. D/B/A MARQUIS FINANCIAL SERVICES, INC. NOTES TO FINANCIAL STATEMENT

1 - ORGANIZATION AND BASIS OF PRESENTATION

Marquis Financial Services of Indiana, Inc. (the "Company" formerly known as Benchmark Capital Management) was incorporated in the State of Wisconsin on June 6, 1985. The Company is registered as a broker-dealer with the Securities and Exchange Commission (The "SEC") and is a member of the National Association of Securities Dealers, Inc. (the "NASD"), and the Securities Investor Protection Corporation ("SIPC"). The Company does not hold funds or securities for, nor owe funds or securities to customers. Any funds or securities received by the Company are promptly transmitted to the clearing broker.

The Company executes all of its customer trades through a New York Stock Exchange member firm as an introducing broker that earns commissions on its introduced customers. The Company has an agreement with a clearing broker to clear securities transactions, carry customers' accounts on a fully disclosed basis and perform certain recordkeeping functions. Accordingly, the Company operates under the exemptive provisions of Securities and Exchange Commission Rule 15c3-3(k)(2)(ii).

The Company operates out of Hicksville, New York.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates

In preparing financial statements in conformity with generally accepted accounting principles, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosures of contingent assets and liabilities at the date of the financial statements and revenues and expenses during the reporting period. Actual results could differ from those estimates. Estimates are used when accounting for amortization, depreciation and contingencies.

Property and Equipment

Property and equipment is stated at cost. The costs of additions and betterments are capitalized and expenditures for repairs and maintenance are expensed in the period incurred. When items of property and equipment are sold or retired, the related costs and accumulated depreciation are removed from the accounts and any gain or loss is included in income.

MARQUIS FINANCIAL SERVICES OF INDIANA, INC. D/B/A MARQUIS FINANCIAL SERVICES, INC. NOTES TO FINANCIAL STATEMENTS

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D).

Property and Equipment (cont'd).

Depreciation and amortization of property and equipment is provided utilizing both the straight-line and accelerated methods over the estimated useful lives of the respective assets as follows:

Office equipment

5 years

Securities Transactions

Customer securities transactions are reported on a settlement date basis, while securities transactions and related commission revenues and expenses are recorded on a trade date basis. Securities listed on a national exchange are valued at the last sales price on the date of valuation. Securities not listed on a national exchange are valued at the last sales price on the date of valuation, or if such price is not available, at the bid price for securities owned and the ask price for securities sold but not yet purchased at the close of business.

Cash and Cash Equivalents

Cash and cash equivalents consist of highly liquid debt investments with maturity of three months or less when purchased.

The Company maintains cash and cash equivalent balances at several financial institutions which are insured by the Federal Deposit Insurance Corporation and the SIPC up to \$100,000. At March 31, 2004, the Company did not have cash or cash equivalent balances at risk.

Income Taxes

Income tax expense is computed on the pretax income for federal and state tax purposes based on the current tax law. Deferred income taxes are recognized for the tax consequences in future years of differences between the tax basis of assets and liabilities and their financial reporting amounts at each year-end based on enacted tax laws and statutory tax rates.

Fair Value of Financial Instruments

The carrying amount reported in the statement of financial condition for accounts payable and accrued expenses approximate fair value because of the immediate or short-term maturity of these financial instruments.

MARQUIS FINANCIAL SERVICES OF INDIANA, INC. D/B/A MARQUIS FINANCIAL SERVICES, INC. NOTES TO FINANCIAL STATEMENT

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D).

Commissions

Commissions and related clearing expenses are recorded on a trade date basis as securities transactions occur.

3 - DUE FROM CLEARING BROKER

In accordance with the clearing agreement, all of the Company's property held by the clearing broker including, but not limited to, securities, deposits, monies and receivables are used as collateral to secure the Company's liabilities and obligations to the clearing broker.

The following amounts are due from the Company's clearing broker as reflected on the statement of financial condition as of March 31, 2004:

Commissions receivable	\$39,582
Good faith deposits	51,053
-	<u>\$90,635</u>

4 - REGULATORY NET CAPITAL REQUIREMENTS

The Company is subject to the SEC's Uniform Net Capital Rule (15c3-1) which requires the maintenance of minimum regulatory net capital, as defined, and requires that the ratio of aggregate indebtedness to regulatory net capital, both as defined, shall not exceed 15 to 1. At March 31, 2004, the Company had regulatory net capital of \$31,932 which was \$26,932 in excess of its minimum regulatory net capital requirement of \$5,000. The Company's net capital ratio was 1.69 to 1.

5 - COMMITMENTS AND CONTINGENCIES

Concentrations of Credit Risk

In the normal course of business, the Company enters into financial transactions where the risk of potential loss due to changes in market or failures of the other party to the transaction to perform exceeds the amounts recorded for the transactions.

The Company's policy is to continuously monitor its exposure to market and counter-party risk through the use of a variety of financial position and credit exposure reporting and control procedures. In addition, the Company has a policy of reviewing the customer and/or other counter-party with which it conducts it business.

MARQUIS FINANCIAL SERVICES OF INDIANA, INC. D/B/A MARQUIS FINANCIAL SERVICES, INC. NOTES TO FINANCIAL STATEMENT

5 - COMMITMENTS AND CONTINGENCIES (CONT'D).

Concentrations of Credit Risk (cont'd).

As of March 31, 2004, there were no significant customer accounts having unsecured debit balances that presented any risk.

Financial instruments that potentially subject the Company to significant concentrations of credit risk and off balance sheet risk consist principally of commissions receivable from the Clearing Broker. The Company clears its transactions through a broker-dealer on a fully disclosed basis. A substantial portion of the Company's assets are represented by a receivable from the Clearing Broker.

In the normal course of business, the Company's customer activities involve the execution, settlement, and financing of various customer securities transactions. These activities may expose the Company to off-balance sheet risk in the event the customer or other broker is unable to fulfill its contracted obligations and the Company has to purchase or sell the financial instrument underlying the contract at a loss.

Operating Lease

The Company through its holding company has a four-year lease agreement for its office space. Annual rent amounted to \$28,800 for the year ended March 31, 2004. Minimum annual rent through March 31, 2007 is as follows:

		_	_		_	
Future	Mir	nimum	Leace	Payments	at N	Narch 31
Luluic	/ V 2 2 2	muni	LACASE	i avincino	CLL LV	muon on.

2005	\$ 30,000
2006	31,200
2007	32,400

\$ 93,600

6 - PROVISION FOR INCOME TAXES

There was no provision for income taxes at March 31, 2004, since the Company has available net operating loss carryforwards of approximately \$35,000 expiring in 2019. The Company's policy was not to book deferred income tax benefits since it was not known if they would be utilized. As a conservative approach, the Company offsets any potential deferred tax benefit with a 100% valuation allowance. The Company utilized approximately \$15,000 of its net operating loss carryforward during the year ended March 31, 2004.

MARQUIS FINANCIAL SERVICES OF INDIANA, INC. d/b/a MARQUIS FINANCIAL SERVICES, INC. COMPUTATION OF NET CAPITAL PURSUANT TO RULE 15C3-1 FOR THE YEAR ENDED MARCH 31, 2004

REPORT ON INTERNAL CONTROL REQUIRED BY SEC RULE 17a-5

To the Stockholder and Board of Directors of Marquis Financial Services of Indiana, Inc. d/b/a Marquis Financial Services, Inc. Hicksville, New York

In planning and performing our audit of the financial statement and supplemental schedules of Marquis Financial Services of Indiana, Inc., d/b/a Marquis Financial Services, Inc. ("The Company") for the year ended March 31, 2004, we considered its internal control structure, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company, including test of compliance, with such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computation of aggregate indebtedness and net capital rule 17a-3(a)(11) and the procedures for determining compliance with exemptive provisions of Rule 15(c)3-3. We did not review practices and procedures followed by the Company in making the quarterly securities examinations, counts, verifications and comparisons, and the reductions of differences required by Rule 17a-13 or in compliance with the requirements for prompt payment of securities under Section 8 of Regulation T of the Board of Governors of the Federal Reserve System, because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or fraud may occur and may not be detected. Also, protection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure components does not reduce to a relatively low level the risk that errors or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control activities for safeguarding securities that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purpose in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at March 31, 2004 to meet the Commission's objectives.

This report is intended solely for the use of management, the Securities and Exchange Commission, and other regulatory agencies which rely on Rule 17a(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and should not be used by anyone other than these specified parties.

MICELI & KOENIG, CPAs, P.C

Syosset, New York June 14, 2004
